University of Illinois at Chicago

Summa Cum Laude, Bachelors of Arts, Political Science, GPA 4.0

JAN 2015 - MAY 2016, Chicago, IL

Methodology & Data Analysis for Social Science (+Econometric modeling/Predictive Analytics)

AI-ETHICIST.com/Principle UX Researcher, Founder

June 2016- Present, Chicago, New York, San Francisco, Irvine, San Jose, Houston

Lead and executed end-to-end UX research activities for strategic and tactical insights.

Collaborate with marketing, design, product management, engineering, marketing/vendor research teams, and data scientists to improve KPIs and workshop solutions.

Present UX Research findings to C-Suite stakeholders in order to inform product roadmap, ROI (UX Metrics) and new growth opportunities.

UX Research Consultant Roles (PAST): Google, Dome, Amazon, Charter Communications, Verizon, American Express, Temporal LLC, BMW, Walgreens, LinkedIn, Intuit, Amazon Prime Now, Abbvie, Otsuka & Astellas

META (Instagram)/UX Researcher V, Product Foundation

OCT 2021 - MARCH 2022, Remote for Multiple Time Zones from CST

Led monthly usability-centered-concept testing by producing research plans framing and producing time-sensitive research questions, hypothesis and discussion guides for outside program vendors to moderate and capture data

Mentored several Senior UXRs and PhDs in how to use UXR tools and nest Usability into other traditional social science/market research methods; this incited a watershed movement for the whole department to elicit, retrofit and iterate on Facebook's Usability best practices- and revamp their rolling research program.

Within 30 days discovered and shared pivotal insights for instagram's monetization teams several months ahead of dev's shipping schedule.

Executed end-to-end research activities (Stakeholder Elicitation to Presenting) for sensitive populations with a sequential explanatory mixed method, on-time and on-budget (2 months, \$10K, n=100) -which inspired the hiring of several new types of talent for prospective innovations.

VIVID SEATS / Senior UX Researcher, E Commerce & Live Experiences

SEPT - OCT 2021, Chicago & Remote for Multiple Time Zones

Led & executed end-to-end unmoderated usability studies (benchmarking A/B competitive testing and strategic task-analysis).

Taught foundational UX research best practices to select company stakeholders and created reusable artifacts illustrating implementation.

AMAZON (AWS)/ Senior UX Researcher, Early Childhood ML

MAY - JULY 2021, Remote from CST for PST

Curated foundational subject matter expertise for ML researchers and discovered key red routes for experimental designs highlighting key user gaps between multiple products and user disciplines. Mentored 3 junior UX researchers on best practices for data capturing and standardizing observations.

TIME WARNER-Charter (Spectrum)/ Senior UX Researcher, Conversational AI

MAR- MAY2021, Remote for MT & PST

Led and executed strategic & tactical studies, including benchmarking and usability testing.

MICROSOFT / Senior UX Researcher, AI + Search

March 2020 - JUNE 2020, Seattle, WA (100% Remote from CST, for multiple Time Zones)

Led and executed end-to-end research activities for emotionally intelligent enterprise systems.

UNITED AIRLINES / UX Researcher (III), Employee Experience

March 2020, Chicago, IL, Contract, In-Person

Planned and conducted foundational Ethnography on-site leading up to COVID safety protocol changes.

CAREERBUILDER / UX Researcher (II), Jobseekers, HR Tech and Internet Publishing

AUG 2018 - SEPT 2019, Pleasanton, CA (100% Remote from San Jose, CA for Multiple Time zones)

Led end-to-end strategic and tactical research activities for 22 qual/quant, formative/validative, mobile and desktop studies (Participant n -range: 25-1000) for redesigned B2C and B2B products (outperforming 3 top competitors in 4 different third party benchmarking studies.)

SOLSTICE / UX Researcher Consultant, BOM Engineering Experiences

OCT 2017- FEB 2018, Houston, Columbus, Chicago, In-Person

Co-lead formative & summative usability studies, wrote final reports and recommendations for confidential clients.

GFK / Senior UX Researcher Consultant, Pharmaceuticals and IoT

OCT 2016 - MAR 2017, San Francisco, Irvine, New York, Chicago, In-Person

Co-lead formative & summative usability studies, wrote final reports and recommendations for confidential clients.
